LMS Grade 6 Orientation

Thursday, August 24, 2023

5:00pm - 7:00pm

This event is a casual, interactive drop-in event where parents and students can come to LMS anytime between 5:00 pm and 7:00 pm (w/ last check-in at 6:30) to become familiar with the school, their teachers, their classrooms, and the tools that will make success possible. We highly recommend that students with the last name (A-K) check in between 5-5:45 pm and students with the last name (L-Z) check in between 5:45-6:30 pm. This recommendation will help to prevent overcrowding and allow personalized access to your child's teachers. Each student will have a checklist in their folder with tasks to complete. After completion, students will be given an LMS t-shirt. We also welcome families to stop by the cafeteria before leaving for some ice cream.

Check-In:

- Please check in by entering through the side/gym entrance, which is located to the right of the building after you pull onto the school grounds from Jenckes Hill Rd.
 - (Go to the table of the team your child is on. Last check-in at 6:30 pm.)
- Folders will contain the following:
 - Class schedules
 - Team specific information
 - Student locker assignment w/ combination
 - Skyward directions
 - Beginning of the year forms

Team/Classroom Visits:

- Students and their parents/guardians will head down to their assigned team.
 - To make this interactive, using the checklist received when checking in, students should visit each of the four core classrooms on their team to complete a small content-related task while having the opportunity to meet each of their team teachers.
- Students will be given their locker & combination. Students are encouraged to practice opening their locker (individual locker info in folder) and are welcome to leave any materials they are starting school with.
- Families are welcome to tour the school and locate RA classrooms, cafeteria, nurse's office, guidance office, main office, gymnasium, and auditorium. For more information regarding LMS related arts classes, please visit our RA electronic program guide [here](#).
